

SEA-EU Staff Week

SEA-EU Virtual Modules: Best Practice and methodology to share modules in hybrid format

General information

Hosting Institution:	CAU
Staff Week Title	SEA-EU Virtual Modules: Best Practice and methodology to share modules in hybrid mode
Abstract:	<p>The staff week will present the best practice for sharing modules in virtual/hybrid mode within the Alliance. The insights were obtained during a 2-year long pilot activity from the sharing of modules in the marine field at Master level within the Alliance.</p> <p>Furthermore, the staff week will prepare lecturers for offering their modules to SEA-EU students. The focus will lie on networking with fellow academics of the Alliance and spark collaboration opportunities, e.g. for co-teaching and jointly offered modules (at Master level).</p>
