

Staff Week: SEA-EU 2.0 MEG - Mobility Connecting Horizons

General information

Hosting Institution:	UALG
Staff Week Title	SEA-EU 2.0 MEG - Mobility Connecting Horizons
Abstract: (few lines describing the staff week that SEA-EU partners can use for dissemination)	This Staff Week brings together members of the SEA-EU Mobility Expert Group (MEG) to reflect on the achievements, challenges and evolution of mobility within the Alliance since 2019, while shaping its future direction. Through collaborative discussions, exchange of best practices and hands-on sessions, participants will analyse the findings of the SEA-EU Mobility Report, identify lessons learned, explore persistent barriers to mobility and develop practical solutions to overcome them. Key topics will include the management of Erasmus+ interinstitutional agreements, harmonisation of virtual mobility measurement, and piloting of the Mobility Credit Transfer and Accumulation System (MCTS). Looking ahead, the Staff Week will provide an opportunity to assess the progress made under SEA-EU 2.0, discuss the role and priorities of the Mobility Expert Group within SEA-EU Next, and jointly identify innovative approaches to making mobility more accessible, inclusive and impactful across the Alliance.
